Attached is the Letter of Transmittal, the USGS MW02 Administrative Report, and Appendices 1-8 and 12 (total size for all files is approx 1.6 MB). The Test America Laboratory (TAL) data report is broken into 3 separate files, 40 MB each (Appendices 9, 10, & 11). I will send these files to Cindy in separate emails because of their excessive size. If anyone in Ada wants a copy, stop by my office and I'll lend you the CD. I will send the files to others outside of Ada if necessary (let me know), but I expect there will be server restrictions (for example, after hours delivery) because of file size. We may also have to find another mode of transmittal (such as a shared drive or FTP site).

Please let me know if I need to send these files to others.
